Objective

Results-driven IT student with strong programming and problem-solving skills, seeking to leverage technical expertise and a passion for innovation to contribute to impactful projects and organizational success.

Education

B. Tech in Information Technology	CGPA: 7.34/10
MLR Institute of Technology	2021–2025
Intermediate Education	Percentage: 96%
Narayana Junior College	2019–2021
Secondary Education	CGPA: 9.8/10
Bhashyam High School	2018–2019

Skills

Technical Skills:

- Programming Languages: Java, Python, C, SQL
- Core Concepts: Object-oriented programming, Data Structures & AlgorithmsSoft Skills:

Good Team Player | Active Listening | Communication skills. Projects

Phishing Website Detection

- Developed a machine learning-based phishing detection system utilizing Logistic Regression and Random Forest algorithms to detect phishing websites..

Cardiac Arrest Risk Forecaster

- Designed and implemented a predictive model leveraging machine learning to assess cardiac arrest risk in individuals, utilizing health records and attaining an accuracy rate exceeding 90%.

Internships

Virtual Internship in Java – Worinwell   Apr 2024 – Jun 2024
- Gained experience with Java fundamentals and object-oriented programming. -
improving problem-solving and coding efficiency.

Certifications

- Java Programming Certification – NPTEL
- Programming Essentials in Python – Cisco Networking Academy
- Data Structures and Algorithms – Smart Interviews

Achievements

- Acquired a Bronze Badge for Data Structures and Algorithms on Smart Interviews. -
Participated and presented a project at Smart India Hackathon (SIH).
